SOUTHERN AVIONICS COMPANY CORPORATE QUALITY POLICY

Southern Avionics Company, Inc. is an international and domestic provider of Non-Directional Radio Beacons, DGPS transmitters, Industrial automation and control assemblies and associated products. We are committed to meeting the challenge of providing the highest levels of quality in the design, manufacture, installation, and service of our products to all customers, regardless of corporate size.

This goal shall be achieved beginning, not ending, with our compliance to standards set forth by ISO 9001: 2015, and through continual improvement of our Quality Management System.
